The European standard EN 62262 the equivalent of international standard IEC 62262 (2002) relates to IK ratings. This is an international numeric classification for the degrees of protection provided by enclosures for electrical equipment against external mechanical impacts.

EN 62262 - Wikipedia

The eurocodes are the ten European standards (EN; harmonised technical rules) specifying how structural design should be conducted within the European Union (EU). These were developed by the European Committee for Standardisation upon the request of the European Commission.. The purpose of the eurocodes is to provide: a means to prove compliance with the requirements for mechanical strength ...

Var hittar man information om vilken standard som är

SSV Special Compensating Bypass Check Valve Design The construction is according to specification AD 2000 and particularly to EN 13445.

SSV - Schroeder Valves

Welding-standards are documents that govern and guide welding activities.. This is according to the American Welding Society (AWS).. Standards describe technical requirements for a material, process, product, system or service.. They give also information on equipment, methods, procedures and tests.. These are helpful to demonstrate that the requirements are being met.

Welding-standards: Guidance and Reference for Quality Work

Citizen Feedback center. Thank you for taking the opportunity to provide information about your experience with our department. We take great pride in the selection, training and development of our personnel, and we always anxious to hear feedback from the community with regards to our performance.
