Renewable Energy and Green Growth in India 3 Solar The Jawaharlal Nehru National Solar Mission (JNNSM) was launched in 2010 after which the Indian SPV market has seen significant growth.

Renewable Energy and Green Growth in India

Enabling environments for climate-smart agriculture (CSA) are the framework conditions that facilitate and support the adoption of climate-smart technologies and practices. They include policies, institutional arrangements, stakeholder involvement and gender considerations, infrastructure, insurance schemes, as well as access to weather information and advisory services.

Enabling environments | Climate-Smart Agriculture Guide

Sustainable energy is a principle in which human use of energy "meets the needs of the present without compromising the ability of future generations to meet their own needs." Another definition of sustainable energy is that it is consumed at insignificant rates compared to its supply and with manageable collateral effects, especially environmental effects.

Green lacewings are insects in the large family Chrysopidae of the order Neuroptera. There are about 85 genera and (differing between sources) 1,300–2,000 species in this widespread group. Members of the genera Chrysopa and Chrysoperla are very common in North America and Europe; they are very similar and many of their species have been moved from one genus to the other time and again, and in ...
