enterprise governance of information pdf

Information governance, or IG, is the management of information at an organization. Information governance balances the use and security of information. Information governance helps with legal compliance, operational transparency, and reducing expenditures associated with legal discovery. An organization can establish a consistent and logical framework for employees to handle data through their ...

Information governance - Wikipedia

Information and technology (IT) governance is a subset discipline of corporate governance, focused on information and technology (IT) and its performance and risk management. The interest in IT governance is due to the ongoing need within organizations to focus value creation efforts on an organization's strategic objectives and to better manage the performance of those responsible for creating ...
