Danish Design is a style of functionalistic design and architecture that was developed in mid-20th century. Influenced by the German Bauhaus school, many Danish designers used the new industrial technologies, combined with ideas of simplicity and functionalism to design buildings, furniture and household objects, many of which have become iconic and are still in use and production.

Danish modern is a style of minimalist furniture and housewares from Denmark associated with the Danish design movement. In the 1920s, Kaare Klint embraced the principles of Bauhaus modernism in furniture

design, creating clean, pure lines based on an understanding of classical furniture craftsmanship coupled with careful research into materials, proportions and the requirements of the human body.
