We believe sustainable low-carbon fuels have great potential to reduce our carbon footprint and we aim to accelerate their use in aviation. We have entered a partnership with Velocys, a renewable fuels company, to design a series of waste plants that convert household waste into renewable jet fuel to power our fleet.

The AIM program consists of students who are selectively chosen by the Office of Admissions upon entering their first year at the University of Florida. Criteria for selection may be based on the student's SAT/ACT scores, family income, high school geographical region or graduation rate, and whether the student is the first in their family to attend college.
