Helping Children Make Transitions between Activities

The particular focus of How Children Succeed was the role that a group of factors often referred to as noncognitive or "soft skills" qualities like perseverance, conscientiousness, self-control, and optimism play in the challenges poor children face and the strategies that might help them succeed. These qualities, which are also sometimes called character strengths, have in recent ...

Complexity characterises the behaviour of a system or model whose components interact in multiple ways and follow local rules, meaning there is no reasonable higher instruction to define the various possible interactions.. The term is generally used to characterize something with many parts where those parts interact with each other in multiple ways, culminating in a higher order of emergence ...
