Section 3 is devoted to the middlegame and tactics. Section 4 treats the endgame and refocuses on checkmate. Section 5 treats tournament play and notation. If you don't already play chess, this curriculum is not for you, because it does not teach chess. It assumes you are familiar with the basics, including common tactics.

Do tactics, tactics, and more tactics. As an intermediate or "beginning tournament player," you are at the level where tactics, by themselves, are going to account for 80-85% of your results, with very few battles being decided because of opening preparation or long-term strategical plans.

### **Study Plan For Intermediate Players: Tactics! - Chess.com**

As you progress from Beginner to Intermediate level, one of the things you will notice is that tactics are by far the most important part of the game. Although endgames, openings, and strategy all play a part too, tactics are important for every single move of every game.
