Eyewitness memory is a person's episodic memory for a crime or other dramatic event that he or she has witnessed. Eyewitness testimony is often relied upon in the judicial system. It can also refer to an individual's memory for a face, where they are required to remember the face of their perpetrator, for example. However, the accuracy of eyewitness memories is sometimes questioned because ...

Introduction: I have undertaken this review of the case against Dr. Andrew Wakefield because the issues involved are far more consequential than the vilification of one doctor. The issues, as I see them, involve (a) collusion of public health officials to deceive the public by concealing scientific evidence that confirms empirical evidence of serious harm linked to vaccines "in particular ...
