Biological Sciences Department at Michigan Tech offers a wide selection of undergraduate and graduate degree programs in Biological Sciences including Medical Laboratory Science, Medical, Pre-Med and Bioinformatics fields.

Biological Sciences | Michigan Technological University

Bioenergetics is a field in biochemistry and cell biology that concerns energy flow through living systems. This is an active area of biological research that includes the study of the transformation of energy in living organisms and the study of thousands of different cellular processes such as cellular respiration and the many other metabolic and enzymatic processes that lead to production ...

Bioenergetics - Wikipedia

In a sense, the study of biochemistry can be considered to have started in ancient times, for example when biology first began to interest society as the ancient Chinese developed a system of medicine based on yin and yang, and also the five phases, which both resulted from alchemical and biological interests. Its beginning in the ancient Indian culture was linked to an interest in medicine ...
