If they are not yet in a trance state you need to do more work before moving on to embed your commands.

The art of covert hypnosis steven peliari pdf free download

Several textbooks on hypnosis inform us that the patient's superego is strong enough to protect him against immoral suggestions given in a trance. Experimental hypnosis has shown that this is not the case. The art of moral seduction is based on repeated fragmented suggestions that gradually permit the other party to give in to what he or
