In human sexuality, the refractory period is usually the recovery phase after orgasm during which it is physiologically impossible for a man to have additional orgasms. This phase begins immediately after ejaculation and lasts until the excitement phase of the human sexual response cycle begins anew with low level response. Although it is generally reported that women do not experience a ...

BRADLEY STROKE Omega. Omega returns the adult reader to the world of childhood imagination: a world populated by the fantastic, the fabulous and the thoroughly improbable. But a world where adult concerns of poverty, injustice, prejudice, politics and economics are all too real. In this world, the reader is taken on a search for the Truth in a more literal sense than one would expect.
